

## **Ronald Ray Regal**

Department of Mathematics and Statistics  
University of Minnesota  
Duluth, Minnesota 55812

218.726.7558  
rregal@d.umn.edu  
<http://www.d.umn.edu/~rregal>

### **Education**

1970 B.A. Mathematics, Wabash College, Crawfordsville, Indiana  
1972 M.S. Physical Oceanography, Massachusetts Institute of Technology, Cambridge  
1975 Ph.D. Statistics, University of Minnesota, St Paul

### **Employment**

University of Minnesota Duluth, Department of Math and Statistics, 1981 - present  
New York State Department of Health, Division of Laboratories and Research, 1979-81  
State University of New York at Albany, Department of Mathematics, 1976-79  
University of Minnesota, Department of Applied Statistics, Visiting Assistant Professor, 1975-76

### **Publications** (since 1990):

- Hook, E.B., Cross, P.K., and Regal, R.R. 1990. Factual, statistical and logical issues in the search for a paternal age effect for Down Syndrome. *Human Genetics*, 85, 387-388.
- Mulholland, S.C., Rapp, G., Olendorff, A.L., and Regal, R.R. 1990. Variation in phytoliths within a population of corn. *Canadian Journal of Botany*, 68, 1638-1645.
- Hook, E.B. and Regal, R.R. 1991. Conceptus viability, malformation, and suspect mutagens or teratogens in Humans: A consideration of the Yule-Simpson paradox and implications for inferences of causality in studies of mutagenicity or teratogenicity limited to human livebirths. *Teratology*, 43, 53-59.
- Regal, R.R. and Hook, E.B. 1991. The effects of model selection on confidence intervals for the size of a closed population. *Statistics in Medicine*, 10, 717-721.
- Regal, R.R. 1991. Racquetball as a stochastic process. *The UMAP Journal*, 12, 99-110.
- Kuehl, D.W., L. Eisenschenk, S. Nauman, R. Johnson, R. Regal, P. Barnidge and J. McKim 1991. Comparison of nucleoside concentrations in blood of fish with and without tumors. *Bulletin of Environmental Contamination and Toxicology*, 46, 713-719.
- Regal, R.R. and Hook, E.B. 1992. Inter-relationships of relative risks of birth defects in embryonic and fetal deaths, in livebirths and in all conceptuses. *Epidemiology*, 3, 247-252.
- Hook, E.B. and R.R. Regal 1992. The value of capture-recapture methods for apparent exhaustive surveys. The need for adjustments for source of ascertainment intersection in attempted complete prevalence surveys. *Am. Journal of Epidemiology*, 135, 1060-1067.
- Hook, E.B. and R.R. Regal 1993. Representative and misrepresentative associations of birth defects in live births: Conditions under which relative risks greater than unity in livebirths necessarily imply relative risks greater than unity in all conceptuses. *American Journal of Epidemiology*, 137, 660-675.
- Hook, E.B. and R.R. Regal 1993. Effect of variation of ascertainment by sources upon capture-recapture estimates of prevalence. *American Journal of Epidemiology*, 137, 1148-1166.

- Hook, E.B. and R.R. Regal 1993. Relationship of crude relative risk of a disorder to relative risks in strata of a susceptible variable. *Epidemiology*, 4, 524-529.
- Linn, M.D. and Regal, R.R. 1993. Missing data and computer mapping. *ZDL-Beiheft 74: Verhandlungen des Internationalen Dialektologenkongresses Bamberg 1990. Band 1*. pp. 253-267. Wolfgang Viereck ed.. Franz Steiner Verlag. Stuttgart.
- Regal, R.R. and S.L. Lozano 1994. Optimal design of field studies. *Aquatic Mesocosm Studies in Ecological Risk Assessment*. pp. 157-171. Lewis Publishers, Boca Raton.
- Hook, E.B. and R.R. Regal, 1995. Internal validity analysis: A method for adjusting capture-recapture estimates of prevalence. *American Journal of Epidemiology*, 142, S48-S52.
- Hook, E.B. and R.R. Regal, 1995. Capture-recapture methodology. *Epidemiology*, 6, 569. Letter to the editor.
- Hook, E.B. and R.R. Regal 1995. Capture-recapture methods in epidemiology: Methods and limitations. *Epidemiologic Reviews*, 17, 243-264.
- Hanowski, J.M., Niemi, G.J., Lima, A.R. and Regal, R.R. 1997. Effects of Two Mosquito Control Agents on Growth and Reproduction of Red-winged Blackbirds *Agelaius phoeniceus*.. *Journal of the Minnesota Academy of Science*, 61, 3-7.
- Hanowski, J.M., Niemi, G.J., Lima, A.R. and Regal, R.R. 1997. Do mosquito control treatment of wetlands affect Red-winged Blackbird *Agelaius phoeniceus*. growth, reproduction, or behavior? *Environmental Toxicology and Chemistry*, 16, 45-50.
- Hook, E.B. and Regal R.R. 1997. Validity of methods for model selection, weighting for model uncertainty, and small sample adjustment in capture-recapture estimation. *American Journal of Epidemiology*, 145, 1138-1144.
- Hershey, A.E., Lima, A.R., Niemi, G.J. and Regal, R.R. 1997. Long-term effects of *Bacillus thuringiensis* Bti. and methoprene on non-target insects in Minnesota wetland ecosystems. *Ecological Applications*.
- Hanowski JM, GJ Niemi, AR Lima, RR Regal 1997. Response of Breeding Birds to Mosquito Control Treatments of Wetlands - *Wetlands* 17: 485-492.
- Regal, R.R. and Hook, E.B. 1998. Marginal vs conditional vs structural modes: A rationale for an alternative to log-linear models for capture-recapture estimates. *Statistics in Medicine*. 17, 69-74.
- Niemi, GJ, Hershey AE , Shannon L, JM Hanowski JM , Lima A, Axler RP and Regal RR 1999. Ecological effects of mosquito control on zooplankton, insects, and birds. *Environmental Toxicology and Chemistry*, 18: 549-559.
- Shepard, MF, Elliott, BA, Falk, DR, Regal, RR 1999. Public health nurses' responses to domestic violence: A report from the enhanced domestic abuse intervention project. *Public Health Nursing*
- Haller EW, Wittmers LE, Haller IV and Regal RR 1999. The obese gene is expressed in lean littermates of the genetically obese mouse. *American Journal of Physiology: Endocrinology and Metabolism*, 39: E762-E765..
